If agenda items (including revisions) are not ready on the distribution date, they will be made available at no charge in the lobby outside the Commission Auditorium at 9:00 a.m. on the morning of the Commission meeting, but not earlier.

In addition, the Commission will make draft agenda items available for viewing and photocopying (at 20 cents per page) at the Commission's Central Files Office (Room 2002), 505 Van Ness Avenue, San Francisco, and in the Los Angeles, San Diego, and Sacramento field offices. Since the agenda package will be mailed to these locations, it will be available at these locations a day or two after the distribution date. These locations will not receive agenda items that are not ready on the distribution date.

If an agenda item is held over to a subsequent Commission meeting, that agenda item and any revisions to that agenda item that were available on the morning of the initial Commission meeting (as well as any further available revisions) will be mailed in the Escutia package for the subsequent Commission meeting; the item and its revisions will also be available for viewing and photocopying in the Commission's Central Files Office and field offices as set forth above.

Intervenors who have a financial hardship determination pending or granted shall be eligible to receive draft agenda item packets at no charge.

5/2/03            A02-02-012            Southwest Gas Corporation (U 905-G), for Authority to Change Natural Gas Rates in San Bernardino, El Dorado and Nevada Counties, California.

**Summary:** On May 2, 2003, Daniel Fessler, representing Southwest Gas Corporation (Southwest), telephoned William Julian, advisor to Cmmr. Wood. Fessler noted that there is no retroactive ratemaking issues associated with Cmmr. Peevey's alternate establishing a memorandum account, effective January 31, 2003, to record the margin revenue shortfalls due to the delay in this proceeding. Fessler urged support for the alternate as consistent with the Commission's announced policy that neither ratepayers nor shareholders should be disadvantaged by delays in processing rate proceedings.

**Summary:** On April 29, 2003, Theresa Cabral, attorney for Pac-West Telecomm, Inc. (Pac-West), had a telephone conversation with Jacqueline Reed, advisor to Cmmr. Wood. Cabral reiterated the importance of the information in the letter from John Sumpter of Pac-West, addressed to Robert Wullenjohn, advisor to Cmmr. Brown, dated March 28, 2003, which was noticed. A copy of the letter was previously provided to Jacqueline Reed. Cabral stated that in that letter, Pac-West responded to erroneous and omitted information by SBC California in an earlier ex parte letter. Cabral also stated that the Commission should approve the ALJ's draft decision.

5/5/03            A01-03-036            San Diego Gas & Electric Company, for a Certificate of Public Convenience and Necessity for the Valley-Rainbow 500 KV Interconnect Project.

**Summary:** On April 30, 2003, Lee Schavrien, Vice President Regulatory Affairs, San Diego Gas & Electric Company (SDG&E), had a telephone conference with Kevin Coughlan, advisor to Cmmr. Peevey. Also participating in the teleconference were Pam Nataloni of the Legal Division, Billie Blanchard of the Energy Division, and Leslie Katz, Regional Vice President, Steve Nelson, attorney, Jim Arnone, counsel, and Billy Blattner, CPUC Relations Manager, for SDG&E. Schavrien stated that SDG&E's PFM should be granted in order to consider additional evidence, which would be subject to cross-examination by all parties. Schavrien stated that a new application would add approximately 18-30 months to the process in order to consider substantially the same information. Schavrien pointed out that since SDG&E filed the PFM, the utilities have filed short- and long-term resource plans in the Procurement proceeding. Katz noted that SDG&E's long-term plan emphasizes demand reduction and new generation as well as a new transmission connection to the north. Schavrien suggested that the Commission may wish to consider the determination of need in the extant proceeding within the context of the approval of SDG&E's long-term procurement plan.

**Summary:** On April 30, 2003, William Stock, Chief, Regulatory Relations, Pacific Gas and Electric Company (PG&E), met with Robert Kinosian, advisor to Cmmr. Lynch, in San Francisco. Also present was David Rubin, Director, Service Analysis, for PG&E. Stock noted that PG&E supports the proposed decision by ALJ Pulsifer as it resolves the matter in a way which is fair to all customers. Rubin stated that PG&E opposes the alternate by Cmmr. Brown because it would unfairly shift costs to customers who remain with the utility.

**Summary:** On May 1, 2003, Brian Cherry, Directory of Regulatory Relations, Pacific Gas and Electric Company (PG&E), met with Kevin Coughlan, advisor to Pres. Peevey, in San Francisco. **Summary:** On May 1, 2003, Sabrina Chaw, Senior Regulatory Representative, Regulatory Relations, Pacific Gas and Electric Company (PG&E), met with Manuel Ramirez, advisor to Cmmr. Peevey, in San Francisco. Also present was Shari Rifas, Project Manager, Revenue Requirement, PG&E. Chaw expressed concern about the proposed decision (PD) ordering PG&E to implement bottoms-up billing within 60 days from the effective day of the decision. Chaw explained that PG&E is still undergoing the stabilization period of its new Customer Information System and the mandate of implementing bottoms-up billing will divert resources away from the work that needs to be completed while in the stabilization period. Chaw asked that the PD be revised so that PG&E has 120 days to implement bottoms-up billing.

**Summary:** On May 1, 2003, Sabrina Chaw, Regulatory Relations, Pacific Gas and Electric Company (PG&E), met with Manuel Ramirez, advisor to Cmmr. Wood, in San Francisco. Also present was Shari Rifas, Project Manager, Revenue Requirement, PG&E. Chaw stated that while the Commission and the Legislature was still deciding about long-term procurement plans and the impact on direct access (DA), PG&E believes that the proposed decision (PD) should only be interim, and not prejudice either the Commission's or the Legislature's efforts on long-term plans. Chaw stated that PG&E is recommending a compromise between the PD and Cmmr. Wood's alternate,

specifically, that DA customers be able to take procurement service from the utility for a 60-day 'safe harbor' in order to facilitate commercial transactions between DA customers and Energy Service Providers, but if the customer takes the service longer than 60 days, then the customer should not be able to return to DA service until the current suspension of DA is lifted. Regarding the price charged for these safe-harbor customers, Chaw stated that PG&E recommends that the customers be obligated to pay the bundled price, unless the short term total cost is higher than the total generation component of the bundled price, in which case the customer should pay the short-term total cost.

**Summary:** On May 6, 2003, James Scarff, counsel for the Office of Ratepayer Advocates (ORA), met with Jacqueline Reed, advisor to Cmmr. Wood, in San Francisco. Also present was Natalie Walsh, ORA assistant director. Scarff stated that ALJ Evans' proposed decision (PD) erred badly in not addressing ORA's \$4.2 million audit adjustment to flow through the payments received from polluters for the higher costs of purchased water to the ratepayers who have paid the high costs for the purchased water. Scarff noted that Southern California Water Company has already been fully compensated for the costs of the purchased water and has not suffered any damage to its water rights; it is the ratepayers who have been damaged, and the PD does nothing to redress that problem. Scarff urged that the PD be amended to credit these payments from polluters to ratepayers and to resolve the Public Utilities Code Section 790 issues in the current docket.
